The subject of the verification are the regular financial statements as of 31 December 2003. The Organization is subject to audit pursuant to Act on Accounting and Act on Benevolent Societies. The audit used a selective mode while respecting the principle of relevance of the verified facts. It does not exempt the Organization from the responsibility for bookkeeping and for the correctness and truthfulness of the reported accounting information in the financial statements and the Annual Report of the Organization.

For the purpose of the presentation of the Organization abroad, we have prepared documents, which are the component part of the financial statement (e.g. Balance Sheet, Profit and Loss Account and Notes to the financial statements) and which were created according to provisions valid in the Czech Republic in the Euro currency. The conclusion of the auditor was based on the audit conducted in CZK. To determine the value of CZK in EURO we have used the official exchange course of Czech National Bank valid on the first and the last day of the accounting period. The figures that include the influence of the changes in the rate of exchange on January 1, 2003 and December 31, 2003 are marked with an asterisk.
